This is in response to Papers filed on 22 September 2005.

I. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

There is an obvious typographical error in claims 15. The Office makes a correction for applicants.

AMENDMENT: In claim 15, line 1, "10wherein" has being deleted and ---10 wherein--- has being inserted therein to put it in a proper condition for an allowance.

II. The following is an examiner's statement of reasons for allowance:

Applicants' arguments and showings under Rule 132 that there is no pieces in the photographic art would be disclosed, taught or suggest the claimed silver halide color photographic material having at least one green sensitive silver halide emulsion being capable of providing two absorptance peaks being either their
